## "CURLING BRIEFS"

Curling is one of the most characteristic of Scottish sports. It has been played in one form or another in that country for over five centuries.

The first game was a type of quoiting on ice. A stone rounded by the action of some river was used . . . hence the name Channelling. These stones weighed a few pounds and had niches in each side to accommodate the thumb and finger. The player, making allowances for the surface of the ice, quoited his large pebble toward the tee or mark. This was known as Kuting Stone or Pilty-cock period of curling.

# Foreword

"Welcome! Curlers, here's your health.  
Happiness, success and wealth.  
On life's rink, whaure'er ye be  
Frae cruel rubs may ye be free."

As President of the Manitoba Curling Association, I am delighted to welcome all contestants attending our sixty-first annual Bonspiel, being held in the City of Winnipeg, commencing Monday, February 7th, 1949. In all the annals of sport, I know of no other game that creates such feelings of friendly rivalry or engenders more fully the spirit of good fellowship than does the ancient game of curling.

Your Executive Council and members of our association extend cordial greetings and warmest welcome to the members of the team of Scottish curlers representing the Royal Caledonian Curling Club of Scotland.

We can assure all our visitors to our province and our annual Bonspiel a royal welcome, and it is our sincere wish that your visit will be a most enjoyable and memorable one.

It is indeed a pleasure for me to extend a warm welcome to the many curlers who will be taking part in the sixty-first annual bonspiel of the Manitoba Curling Association.

I am confident that it will be marked by the success and enthusiasm which has made it outstanding in former years. The growth of this great annual sporting event is due in very large measure to the high calibre of men who have guided it through the years. It is not only by the size of the entry list that its success is measured, but also by the enjoyment that is derived by the curlers who are attracted from all parts of the province and various points in Canada and from the United States. There is no sport which is more cosmopolitan in its appeal, or more rewarding in the friendships that it fosters, than the game of curling.

On behalf of the Government of Manitoba, I am happy to express this greeting and a very sincere welcome to the visiting curlers and those accompanying them to take full advantage of the hospitality and facilities we are glad to offer.

DOUGLAS L. CAMPBELL,  
*Premier of Manitoba.*

## A MESSAGE FROM THE MAYOR

The annual curling bonspiel, held under the auspices of the Manitoba Curling Association, is by far the greatest sports event of its kind held on this continent, or indeed in the world.

I extend a pressing invitation to all the curlers to come to Winnipeg and take part in this great series of competitions, and an equally pressing invitation to their friends and supporters to come and enjoy themselves in this city during bonspiel week.

To the curlers themselves, and to all out-of-town visitors, I give a most hearty welcome on behalf of the city administration and of all Winnipeg citizens. We like to have you visit us. We want you all to have a good time, and when your visit is over and you go back to your homes we want you to carry with you pleasant recollections of the hospitality of the people of Winnipeg.

I hope that the 1949 bonspiel may be the biggest and best of them all.

Yours sincerely,

GARNET COULTER,

*Mayor.*

## OUR DIAMOND JUBILEE 1948

BY S. C. TREWHITT

THE year 1948 marked another milestone in the history of the Manitoba Curling Association, it being our Diamond Jubilee year, and it would seem only reasonable that a brief resume of our curling activities in 1948 should be recorded among the pages of our annual.

In the spring of the year 1947, shortly after the election of officers, plans were formulated to celebrate our Diamond Jubilee in a proper and appropriate manner.

We opened our season with a goodwill trip on the 10th of January, 1948, when 150 curlers from the city of Winnipeg clubs journeyed down to the railway station with brooms, sweaters, etc., accompanied by a piper, and boarded a special train, and the following member clubs were visited: Macdonald, Westbourne, Gladstone, Neepawa, Eden, Franklin, Minnedosa, Rapid City, Bowsman, Newdale, Strathclair, Solsgirth, Birtle, Foxwarren, Binscarth, Russell and Inglis.

A second goodwill trip took place on January 24th, 1948, and the following clubs were visited: Bagot, MacGregor, Austin, Sidney, Carberry, Summerville, Shilo, Brandon, Alexander, Griswold, Oak Lake, Hargrave and Elkhorn.

On Thursday evening, the 5th day of February, 1948, entries closed for the annual bonspiel and, as was expected, the entry was not only a record high for Manitoba but also a world record bonspiel entry. The entry consisted of 182 rinks from Greater Winnipeg clubs and 272 rinks from outside points for a total of 454 rinks, as against an entry of 62 rinks some sixty years ago in 1888. Each contestant received a maroon and gold sweater crest and souvenir button. When play started on Tuesday, February 10th, we had eighty-nine sheets of ice available. During the first four days of the bonspiel there were six draws a day—8.30 a.m., 11.00 a.m., 1.30 p.m., 4.00 p.m., 6.30 p.m. and 9.00 p.m.—all games the first week being limited to ten ends. We were indeed fortunate in having a most efficient ice room staff, who could not have been improved upon, and with the weather man giving us every consideration, the bonspiel was run off as planned by our very capable ice chairman and the various members of his committee. It is no mean achievement to run off a bonspiel of such magnitude without any trouble or delay, and its speaks well for our organization. The finals in the ten open competitions were played at the Amphitheatre Rink, as were the finals of the district events and the British Consols competition. The bonspiel wound up on Thursday, 19th of February. The Sangster rink were the winners of the British Consols competition and journeyed to Calgary the first week in March to compete in the Dominion curling championships. After winning the first six games they dropped two games, finishing as runners up. On Monday evening, prior to the opening of the bonspiel, a reception was held at the Civic Auditorium for the contestants. The Army, Navy and Air Force Veterans' band provided appropriate music and a light buffet luncheon was served. This was a most popular affair, and was an opportune time for renewing acquaintances with many old friends prior to engaging in actual play at the bonspiel. On Saturday night, February 14th, a grand variety show and buffet luncheon was tendered to all bonspiel contestants. A stage show featuring American artists together with some local talent was very well received, and delayed the serving of our luncheon for nearly an hour, thereby giving much concern to our caterer. At the buffet luncheon the past presidents, executive council members and other curling dignitaries properly dressed in chef's hats and white aprons carved turkeys, hams and beef. The week's curling had sharpened everyone's appetite and emergency calls were sent out for some more food. A thoroughly enjoyable evening!

The following day being Sunday, our annual church service took place at Grace United Church at eleven o'clock. It was most gratifying to note such a splendid attend-

ance to listen to a most inspiring message in the sermon of the Rev. W. G. Martin, D.D., our chaplain.

On Thursday, February 19th, the president's party was held in the Royal Alexandra Hotel. This consisted of a very fine dinner, to which our honorary life members, presidents and secretaries of our city clubs, our trophy donors and other curling notables from various clubs affiliated with our association were invited. After dinner the guests journeyed to the Amphitheatre to see the finals games.

The first four days of our bonspiel, Canada Packers Limited tendered luncheons at their plant for bonspiel contestants who were not curling at the time, providing in addition entertainment and, for those interested, a visit through their plant.

On Monday, February 16th, we opened the Veterans' competition to all those who have been members of clubs in affiliation with the Manitoba Curling Association and over sixty years of age, and for this year any one who played in the Manitoba bonspiel in 1918 or previous.

On Wednesday, February 18th, the honorary life members held their usual one day bonspiel, terminating with a dinner at the Fort Garry Hotel, at which time prizes were presented and new honorary life members introduced to the members of that august body.

On Tuesday, February 17th, the Manitoba Ladies' Curling Association opened their 24th annual bonspiel with a record entry of 127 rinks.

On December 29th, 30th and 31st, 1947, the high schools' bonspiel took place, this being open to contestants from districts coming under the jurisdiction of our association. The entry was an all-time high of 192 rinks, of which 132 rinks were from outside of Greater Winnipeg. Four competitions took place, the winners competing in a playdown for the right to represent Manitoba in the Canadian high schools' championships. This event, incidentally, was held in Winnipeg during the second week of the Diamond Jubilee bonspiel, the winner being the Stan Gowling rink from Morden, Manitoba.

During the curling season the following clubs were challengers for the O'Grady trophy: St. Vital, Maple Leaf, Treherne, Fort Garry, Manitou, Carman, High Bluff, Kenton, Shoal Lake, Cypress River, Miami, Neepawa, Roland and Oakville. When the season closed the Oakville club was in possession of the trophy, which will remain with this club until the first game next season.

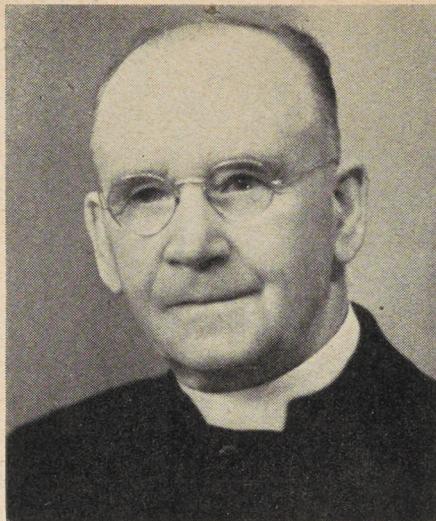

Our affiliated clubs reached an all-time high of 249. During the year the following clubs became affiliated: Hilton, Bagot, Pembina, Lowe Farm, Cochenour-Willans, Austin, Snow Lake, Oakner, Pine Creek and Edwin.

The annual golf tournament was held at the Pine Ridge golf course, at which time 273 golfers teed off and a very enjoyable day was had.

No organization such as ours can exist without a strong finance committee, and the chairman and the members of his committee did an outstanding job. This was, in the main, partly due to the kindness and generosity of the donors of prizes, the business firms, and individuals and friends who have so generously supported our association and thereby made possible the annual bonspiel of which we are all so proud.

The association, throughout the sixty years of its existence, has received and continues to receive most generous and magnificent support from the members of our many clubs scattered throughout the rural areas, who year after year keep coming to the annual bonspiel to meet in keen competition many of our crack and well known rinks, to enjoy the companionship of many old and new friends, and spread goodwill and fellowship wherever they may go.

No wonder our association is in the forefront, not only for a fine record of achievement in producing curlers of championship calibre but as ambassadors of sportsmanship and goodwill. Our past sixty years has spoken for itself, and we feel safe in saying our future will be bright and safe if we follow closely the steps of our predecessors.

Dear Brother Curlers:

After nearly thirty years, again I have been honored by being elected chaplain. Four years in succession I preached the bonspiel sermon. This will be my last opportunity of addressing you officially as chaplain. My advancing years and seeing disability make it imperative for me to call a halt. I especially invite every curler, man or woman, past or present curlers, to this bonspiel service to be held in Grace United Church on Sunday evening, February 6th, at 7 p.m. Special music is to be provided by the leader and organist, Mr. Stanley Osborne. I would especially appeal to the lady curlers and the high school curlers to join with us at this service. I am anxious to make this, my valedictory service, one of the best we have ever held. All that is needed now is the interest of all curlers and their friends to make this service a success.

In closing I wish to thank every member of the Association for their kindness and friendship for over forty years. When I think of those who have passed on, I feel my turn to hear the call will be long in coming.

Personally, I would like to shake your hand at another bonspiel service.

Good bye till then and God bless you and yours.

Fraternally yours,

THOS. NEVILLE, *Chaplain.*

The Executive Council and members of the Manitoba Curling Association await with the greatest of pleasure the arrival in Canada of our curling friends from Scotland, and assure them the warmest of welcomes to the "Land of the Maple."

The memory of former visits of curlers from Scotland are treasured as amongst our most pleasant recollections, and our fondest hope is that our guests may derive as much pleasure from their brief visit to the Western Prairies as their presence gives to those of us living in Manitoba.

## GENERAL RULES

---

1. Play will commence each day at 9.00 a.m., 12.45, 4.30, 8.15 p.m., and games will be of twelve ends unless arranged otherwise by the Ice Committee.
2. At starting times, as stated in paragraph 1, umpires shall give starting signal, first in waiting rooms, and immediately after on the ice. All rinks to be on the ice upon which they are drawn to play at the time at which they are drawn to play.
3. If competing rinks are not on the ice ready to play when signal is given, and opponents are ready to play, the umpire shall score against the late rink one point for every fifteen (15) minutes or fraction thereof it is late: such penalty points to be marked on score cards by umpires and must be considered in the total score of the game. Opponents of late rinks must accept points marked on score cards by umpires and on no account can these points be waived by mutual consent or otherwise. One end will be considered played for every point so scored.
4. In the event of both competing rinks being unready to play when signal is given, the umpire will score one point for each rink and one end will be considered played for every fifteen (15) minutes or fraction thereof they are late.
5. When ten-end games are being played umpires will signal for completion of game at two hours and twenty-five minutes after the start of each draw. When twelve-end games are being played umpires will signal at two hours and fifty-five minutes after the start of each draw and games must finish with the completion of the end being played, excepting any game which may be tied at the completion of that end, such tie games to proceed until a point is scored to decide the game. A rock must have been thrown by a player before an end can be said to be in progress of being played. In the case of a double rink event, an end will be considered started for both games when a rock has been thrown on one sheet, also an end cannot be considered completed until the same number of ends have been played in each game.
6. When six penalty points in a ten-end game or seven penalty points in a twelve-end game have been scored against a rink in default for being late in accordance with the foregoing rules, the umpire shall immediately declare the opposing rink the winner of that game and shall report accordingly, and the committee shall take that game as having been played.
7. The two skips opposing each other shall settle by lot, or in any other way they may agree upon, which player shall lead in the first end actually played.
8. Two sets of rocks will be placed on each sheet of ice by the Association and numbered to correspond with the number of the sheet. One set will be identified with blue labels and the other with red labels. Rinks must play with the rocks provided on the sheet of ice and the skips can settle by lot or in any other way they may agree upon as to the choice of rocks. Under no circumstances will players be allowed to use their own rocks; nor can rocks be moved from one sheet to another.
9. If one player on a rink be not on hand at starting time, three players may proceed with the game in accordance with the Rules of the Game, paragraph 22. The player coming late may sweep as soon as he comes upon the ice, but cannot play his stone until after the completion of an end; with the following exceptions: A skip or third may play if he comes upon the ice before the second has delivered more than two stones, a second may play if he comes upon the ice before the lead has played more than two stones.
10. The Manitoba Curling Association will insist that all curlers living within the jurisdiction of the Manitoba Curling Association, to enter in the bonspiel, shall be active

members of an affiliated club and wherever possible a rink must be composed of members of the same club. If members of one club find it impossible to make up a complete rink of four men, then it will be permissible to fill the rink with members in good standing from some other club affiliated with the Manitoba Curling Association. In all cases the consent of both or all clubs concerned shall be given. The Council of the Manitoba Curling Association reserves the right to drop from bonspiel play any rink which is not composed fully of members in good standing of an affiliated club or clubs. A member in good standing is one who pays the annual dues set by that club for active playing members. In the event of a member of a club located in Greater Winnipeg playing with a rink from outside the district of Greater Winnipeg, such member must pay bonspiel entry fee as set for Winnipeg and district curlers.

11. Umpires shall use measuring sticks supplied by the Association to determine whether or not a rock is a counter on outer ring.

12. Rinks entered in any competition must have four active players and go through the Open Events with the four named players as entered on official entry form, no substitute being allowed. All players must be in good standing in their respective clubs at least thirty days prior to the Bonspiel.

13. Rinks must play as entered on the official entry form in all Open Events and shall play in each Open Competition in the position fixed by the skip in the playing of the first end of any game. No change shall be made once game has started.

14. In the event of a rink becoming incapacitated through illness or unavoidable absence of any player, no substitute player may be entered but the three remaining members may continue to play, but no rink will be allowed to continue with less than three members.

15. Unless otherwise provided in the rules governing the competition or as set out in Rule 1, twelve ends shall be played in each successive game, and in the event of the score being tied when twelve ends have been played an extra end or ends shall be played until the winner is decided.

16. In the event of any disagreement between skips, the umpire shall be asked for a decision. In the event of his decision being disputed by either or both of the contestants (skips), the matter may be appealed to the Chairman of the Ice Committee and his decision shall be final.

17. The umpire at the close of each game, shall, together with the losing skip, sign the score cards.

18. In the opening round of any bonspiel event rinks will play as drawn regardless of the club to which they belong.

19. All trophies, tankards and cups, shall, unless otherwise provided for, remain the property of the Association; but winners of such, who may desire to retain them for any stated time, may have them upon giving ample security for their safe return.

20. For the purpose of Rules, the Henry Birks, City Hydro, Hudson's Bay, Monarch Life, Black & Armstrong, Eaton, McKinney, Imperial Oil, Canada Packers, Winnipeg Electric, Ganong and Free Press competitions shall be considered open events.

21. Photograph of all cup winners will be taken at the rink immediately after the final game. This will be done at the cost to the Association. Any one wishing copies will have to place their order direct with the photographer at their own expense.

22. Competitions listed in this programme on pages 47 to 72 are men's competitions and shall be open to men only. Competitions on pages 76 to 80 are women's competitions and shall be open to women only.

23. Where no specific rule is given to apply to competition, then the General Rules of the Manitoba Curling Association shall apply. Should any emergency arise during the time of the bonspiel, the Ice Committee may change general bonspiel rules.

## RULES OF THE GAME

---

1. The standard length of the rink shall be 46 yards from hack to hack, and shall be laid out according to the annexed diagram.
2. From and in exact alignment with both tees, a line, called the centre line, shall be drawn to a point four yards behind each tee; at this point a line shall be drawn at a right angle to the centre line, on which the hack shall be cut. The hack shall not exceed six inches in length, nor shall the inner edge thereof be more than three inches from the centre line, so that all stones shall be delivered with their centre upon the centre line.
3. No important match shall be commenced if the ice be not in a condition fairly to test the curling skill of the competing players. The umpire's decision regarding the condition of the ice shall be final in all cases.
4. All matches must be the majority of shots won, after playing a certain number of heads. In the event of both parties being equal at the conclusion of the match, play shall be continued, under the direction of the umpire, by all rinks engaged for another head, or for such additional number of heads as may be necessary to decide the match.
5. Every rink to be composed of four players a side, each using two stones, and playing one stone alternately with his opponent, and the rotation of players observed in the first head shall not be changed during the match.
6. The two skips opposing each other shall settle by lot, or in any other way they may agree upon, which party shall lead in the first head, after which the winning party shall lead.
7. The skips shall have the exclusive management and direction of the game for their respective parties, and may play last or in any part of the game they please, but are not entitled to change their places when once fixed. When their turn to play comes, they shall each appoint one of their players to act in their places as skip of the game, and must take the position of ordinary players until they have played and returned to the tee-head as skips.
8. Players during the course of each end shall be arranged along the sides, but well off the rink, as their skips may direct; and no party except when sweeping, according to rule, shall go upon the middle of the rink. Skips alone have to stand within the twelve-foot circle; the skip of the party playing to have the choice of place, and must not be obstructed by the other in front of the tee; while behind it, the privilege of both, as regards sweeping, shall be equal.
9. Every player must be ready to play when his turn comes, and shall not take more than a reasonable time to play; should he play a stone belonging to another player, any of the players may stop it while running; but if not stopped till at rest, the stone which should have been played shall be put in its place to the satisfaction of the opposing skip.
10. If a player should play out of turn, the stone so played may be stopped in its course and returned to the player; should the mistake not be discovered until the stone be at rest, or has struck another stone, the opposing skip shall add one to his score, and have the option of allowing the game to proceed, or declaring the end null and void; but if another stone has been played before the mistake has been noticed, the end must be finished as if it had been played properly from the beginning, and such missed stone shall not be played for that end.
11. If any player engaged or belonging to either of the competing clubs shall taunt or otherwise interrupt any other player not of his own party, while preparing to play his stone, so as to disconcert him, one shall be added to the score of the party so interrupted for each interruption and the play proceed.
12. If in sweeping, or otherwise, a running stone be marred by any of the party to which it belongs, it shall be put off the ice, and the opposing skip shall have option to add one to his score, and allow the game to proceed, or to call the end null and void; but if marred by any of the adverse party, it shall be placed wherever the skip of the party to which it belongs may direct. If marred in course of play after delivery in any other way excepting straw from brooms, the player shall replay the stone. Should any played stone be replaced by any of the players before the head is reckoned, it shall be placed as near as possible to where it lay, to the satisfaction of, or by the skip opposed to the party displacing it. If displaced by any neutral party both skips to agree upon the position to which it is to be returned, and if they fail to agree, the umpire shall decide.

13. The sweeping shall be under the direction and control of the skips. Upon all occasions a stone may be swept from the HOG SCORE nearest the point from which the stone is delivered, and may be swept by the party to which side it belongs until it comes to the SWEEPING SCORE; but all stones when they have passed the sweeping score may be swept by EITHER SKIP ONLY. Skips will have the liberty to sweep behind the tee at all times, except when a player is receiving directions to play from the skip. All sweeping shall be across the rink, and the sweeper must be in front of the stone being swept, and at one side thereof; and no sweeping shall either be moved forward, or left in front of a running stone or a stone "at rest."

14. All stones shall be of circular shape. No stone, including handle, shall be of greater weight than forty-seven and one-half pounds, or of greater circumference than thirty-six inches, or of less height than one-eighth part of its greatest circumference.

15. A stone which fails to pass the hog line shall be removed from the ice, unless it has been prevented from passing by striking another stone lying in play.

16. All stones which have passed the back line shall be removed from the ice.

17. Every stone within or resting upon the outer ring shall be entitled to be counted in the game and a stone shall not be considered over a line unless it has crossed it and entirely cleared it.

18. No stone or side of a stone shall be changed after a match has begun unless with the consent of the opposing skip. Should a stone happen to be broken during the game, the largest fragment shall be considered in the game for that end, and the player shall be entitled to use another stone or another pair, during the remainder of the game.

19. Should a played stone roll over or stop on its edge, or top, it shall be put off the ice. Should the handle quit the stone in delivery, the player shall be entitled to replay the stone if it is stopped before it reaches the hog score at the end of the rink to which it is being delivered.

20. No measuring of shots allowable previous to the termination of the end. Disputed shots to be determined by the vice-skips; or if they disagree, by the umpire; or, if there is no umpire, by some neutral person chosen by the skips. All measurements to be taken from centre of tee to nearest point of stone, after removing stones interfering.

21. If any of the competing rinks are not ready to begin play at the hour named for a match, one end shall be counted as played for every 15 minutes delay; and the opposing rink, if ready to play, shall count one point in the game for each such period of time it is kept waiting.

22. No rinks shall be eligible to enter the bonspiel unless in the first game played they start with four bona fide active players. If, however, after starting the first game in the bonspiel, any member through sickness, or other unforeseen circumstances, is unable to play, then the following rule to apply:

(a) If the skip be absent, then the third man becomes skip, and the second man plays his own and the third pair of stones.

(b) If the third player be absent, the second man shall play second and third place.

(c) If the second man be absent, the lead shall play both first and second stones.

(d) If the lead be absent, the second player shall play his own as well as the lead stones.

(e) No sweeper shall be allowed for the absentee, and no rink shall continue to play with less than three men.

23. After all the stones have been played in each head, the head shall be counted as follows: the side having one or more rocks nearer the centre than any of those of the opposing side shall count one point for each rock nearer such centre point, that is to say, if one skip has three rocks nearer the centre point than the other, and then the other skip has one rock the fourth nearest, then the first skip has three more, the first skip shall only count three because the fourth rock would destroy the others, and so on.

24. The game is scored by ends, the side winning the greatest number of shots in the head counts one point for each shot, and the game is totalled at the completion of the required number of ends, and the side having the greatest number of points wins the game.

25. In connection with competition, where the question is raised as to whether a game is played or defaulted, it shall be understood that all games where six ends or more have been played the game shall be considered a played game and all games called prior to the completion of the sixth end by the Ice Committee shall be declared no contest and redrawn, the contestants to start from scratch on new draw.

## "CURLING BRIEFS"

In the early stages of curling—generally known as the Giant or Boulder Age—a large boulder from the river was used. A rough iron handle was inserted to propel it toward its destination. These stones were a variety of weights and shapes. The minimum weight seemed about 60 pounds. Some appeared to reach almost 200 pounds. Each player had one stone and some of the players must have been veritable giants to handle them.

# CITY HYDRO

PIONEER

*.... of low-cost power*

City Hydro introduced the first low-cost power to Winnipeg in 1911. This led to such an increase in the consumption of electricity that it was not long before Winnipeg became known as the "Electrical City."

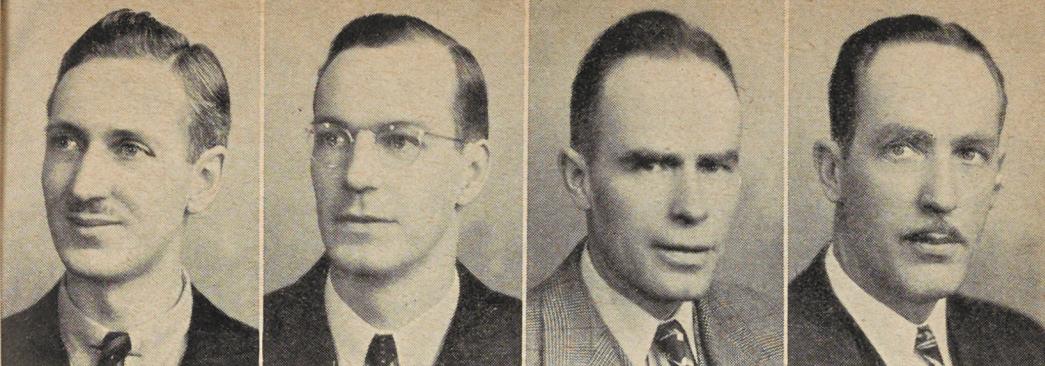

Because of all the electrically equipped homes in Winnipeg, the city boasts a world record for domestic kilowatt hour usage.

Yes, City Hydro's low-cost power is a big factor in the industrial and financial success of Winnipeg. In addition to commercial and industrial consumers, eighty-three percent of Winnipeg families enjoy "better living" through the power of their own utility.
